

ENOFORUM WEB CONTEST

As part of the **Enoforum Web Conference**, which will be held online from 23 to 25 February 2021, Vinidea announced the launch of an Enoforum Web Contest, **in partnership with SASEV** and other prestigious associations of grape and wine scientists. This is a **global** virtual competition giving scientists in the field of enology and viticulture the opportunity to showcase innovative research to the wine industry.

The winner will receive € 10.000 to be used for research.

To learn more about this great opportunity and the conference, please follow the links below:
